Re: PG&E's Power Content Labels - Title 20, Cal. Code Regs., Sections 1393-1394

Dear Mr. Orta:

Pursuant to Title 20, California Code of Regulations, §1393 (c)(2) (3) and §1394(a)(2)(D), please find a copy of Pacific Gas and Electric Company's:

**Power Content Label**

This insert was included in PG&E's Third Quarter 2004 bills.

Very truly yours,

Irene F. Rice  
Pacific Gas & Electric Company  
Rates Department, CEC Case Coordinator

## Power Content Label

ENERGY RESOURCES	PG&E 2004 POWER MIX* (Projected)	2003 CA POWER MIX** (For Comparison)
Eligible Renewable	13%	8%
Biomass and waste	4%	2%
Geothermal	3%	3%
Small hydroelectric	4%	2%
Solar	0%	0%
Wind	2%	1%
Coal	3%	18%
Large Hydroelectric	19%	20%
Natural Gas	42%	42%
Nuclear	23%	12%
Other	0%	0%
TOTAL	100%	100%

\* At least 95% of PG&E's POWER MIX is provided by the California Department of Water Resources or from PG&E-owned resources, or specifically purchased from individual suppliers.

\*\* Percentages are estimated annually by the California Energy Commission based on the electricity sold to California consumers during the previous year.

For specific information about this electricity product, contact Pacific Gas and Electric Company. For General Information about the Power Content Label, contact the California Energy Commission at 1.800.555.7794 or [www.energy.ca.gov/consumer](http://www.energy.ca.gov/consumer).

For the benefit of  
Pacific Gas and Electric Company's  
electric customers.

## Proposition 65 – Public Warning

The Safe Drinking Water and Toxic Enforcement Act of 1986, commonly referred to as Proposition 65, requires the Governor to publish a list of chemicals "known to the State of California" to cause cancer, birth defects, or other reproductive harm. It also requires California businesses to warn the public quarterly of potential exposures to these chemicals which result from their operations.

Pacific Gas and Electric Company uses chemicals in its operations that are "known to the State of California" to cause cancer, birth defects, or other reproductive harm.

For example, Pacific Gas and Electric Company uses natural gas and petroleum products in its operations. Pacific Gas and Electric Company also delivers natural gas to its customers. Petroleum products, natural gas, and their combustion by-products contain chemicals "known to the State of California" to cause cancer, birth defects, or other reproductive harm.

A warning odorant is added to natural gas so that leaks of unburned gas can be quickly detected. If gas odor is detected, Pacific Gas and Electric Company should be contacted promptly.

Pacific Gas and Electric Company provides a free service to check and adjust your home gas appliances. Please call **1.800.743.5000** if you would like your gas appliances checked.

For additional information on this Proposition 65 warning, write to Pacific Gas and Electric Company at P.O. Box 7017, San Francisco, CA 94120.
