Enclosures (5)

Under Senate Bill 1305, the California Energy Commission requires that all retail energy suppliers disclose to their customers "accurate, reliable, and simple to understand information on the sources of energy that are used to provide electric services." In response to this bill, APS Energy Services is providing the enclosed fuel source information using the Power Content Label developed by the California Energy Commission. In accordance with the Senate Bill, this disclosure will be provided to your business on a quarterly basis.
