Subject: Docket Number 05-SDO-2

In response to your request for an updated capacity resource accounting table (form S-1), I am writing to confirm that the Redding Electric Utility has no updates to the original form S-1 that was provided in the spring of 2005. The information provided in the original filing is accurate for the upcoming summer months of June-September of 2006. For convenience, a copy of the original form S-1 that was provided by REU has been attached.

Sincerely,

A handwritten signature in cursive script that reads 'Nicholas Zettel'.
