Subject: Valle Del Sol Energy, proposed 500 mw plnat near Romoland, Riverside County, CA

Thank you for the letters to me and Tribal Chairman Maurice Lyons concerning the February 27th meeting on the above referenced project. Unfortunately, the Tribe will not be able to participate in the public workshop on February 27th.

The Tribe's only concern on this project would be cultural resources. In that light, we would ask that we be allowed to participate in the environmental approval process for the project. Specifically, the Tribe would like to request a copy of any cultural resource report prepared for the project or any information in that regard.

Thank you for the opportunity to provide comments.

Sincerely,

Britt W. Wilson
