Subject: Docket No. 05-DATA-1, Data Collection Regulations Workshop, Redding Power

Redding Power does not currently collect and report the proposed environmental information in Section 1304 (a)(3). The new reporting requirements will place additional unanticipated burden on plant staff. The proposed section should not be added, and the CEC should rely on information already gathered for the 2005 environmental performance report.

Also, please clarify what year and the due date for the report required by this proposed section will be.

Russ Bennett
