COMPLETED

**Subject: Repeated Request for Confidential Designation
Confidential Air Quality Status Report No. 4
Confidential Offset Strategy
Sun Valley Energy Project (05-AFC-3)**

Dear Mr. Blevins,

Valle del Sol Energy, LLC (VSE), a wholly-owned subsidiary of Edison Mission Energy, is the owner of the Sun Valley Energy Park (SVEP). VSE requested Confidential Designation of a Confidential Offset Strategy in a previous filing dated January 12, 2006. Staff submitted Data Requests, which required VSE to provide monthly status reports relating to implementation of its Confidential Offset Strategy. The Commission granted the request on February 2, 1006. VSE requests that the attached Confidential Air Quality Status Report No. 4 be designated confidential pursuant to 20 CCR Section 2505 (b). This information is substantially similar to the prior request and the facts and circumstances that make the information contained in the Confidential Air Quality Status Report No. 4 confidential.

I certify under penalty of perjury that the information contained in this application for confidential designation is true, correct and complete to the best of my knowledge and that I am authorized to make the application and certification on behalf of the applicant.

Scott A. Galati
Counsel for Valle del Sol Energy, LLC
