Subject: Fwd: LMS100 Graphics

Please docket but do not distribute this in the Walnut Creek AFC. I merely wish to place this email in the record regarding obtaining permission to use graphic images from the General Electric website in the Proposed Decision. Thank you.

Andrew,

This email is to confirm our conversation yesterday in which you granted me permission to use the publicly available graphics on GE's LMS100 webpage to enhance the Walnut Creek project description in the Energy Commission's Proposed Decision.

Thank you.

Garret Shean
Hearing Officer
