Re: Request for Confidential Designation of SEP-4 Application
Docket Number 03-RPS-1078

Dear Mr. Blevins:

It has been brought to my attention by your Docket department that our Application for Confidential Designation has received a deficiency notice because it lacks an original signature.

Attached please find the application with my original signature affixed. I have left the date of the application unchanged since this was the date when I signed via electronic signature and the application was submitted.

Should you have any questions please feel free contact me.

Thank you for your attention to this matter:
