DATE OCT 16 2007

RECD. OCT 18 2007

This proposed rulemaking is intended to carry out the California Energy Commission's duty under SB 1368, Statutes of 2006, Chapter 598, to establish a greenhouse gases emission performance standard for all baseload generation of local publicly owned electric utilities and to enforce the statutory requirement that no local publicly owned electric utility may enter into a long-term financial commitment unless any baseload generation supplied under the long-term financial commitment complies with the greenhouse gases emission performance standard established by the Energy Commission.

OAL approves this regulatory action pursuant to section 11349.3 of the Government Code.
