

Theroux Environmental

31 October 2007

John L. Geesman
Commissioner and Presiding Member, Renewables Committee
California Energy Commission
1516 Ninth Street
Sacramento, CA 95814-5504
RE: Docket No. 02-REN-1038

Dear Commissioner Geesman:

On November 7, 2007, the Commission will consider possible approval of Existing Renewable Facilities Funding Award Notices for the 2007 calendar year, for the following facilities:

1. The Pacific Lumber Company
2. Wadham Energy, L.P.
3. Burney Forest Power
4. Big Valley Power
5. Woodland Biomass Power, LTD
6. Rio Bravo Rocklin
7. Rio Bravo Fresno

I am requesting with this letter that the Commission approve all of the proposed funding awards as noted. I strongly support the Energy Commission's staff recommendations and the Renewable Committee's concurrence with Target Prices and Production Incentive Caps for each applicant. I applaud the Commission's continued diligence in assessing conditions and needs of our in-state solid-fuel biomass facilities, and in directing public funds toward achieving long-term industrial self-sustainability.

Please call me at (530) 823-7300, extension 203, or via cell at (530) 613-1712, if you have any questions, and to advise regarding our further interactions.

Sincerely,

Theroux Environmental

Michael Theroux
Principal
