Subject: Starwood Energy Project, Sponsoring Declarations

During the November 19, 2007 evidentiary hearing in the Starwood Energy Project, supplemental testimony was received, through stipulation, in the area of Waste Management. Although this supplemental testimony was received into the record, it was not sponsored through live affirmation by the author. In order to appropriately sponsor the Waste Management testimony the Declaration of Ellen Townsend-Hough is attached confirming her preparation of the section and that the information contained in the testimony is true and correct.

In addition to Waste Management, post hearing sponsorship is required for the supplemental Soil and Water section authored by Richard Anderson and Somer Goulet. During the hearing Richard Anderson was sworn in and sponsored the supplemental Soil and Water testimony but co-author, Somer Goulet, was not given an opportunity to also sponsor her testimony. To correct this, the Declaration of Somer Goulet is attached confirming her co-preparation of supplemental Soil and Water and that the information contained in the testimony is true and correct.
