

**BEFORE THE ENERGY RESOURCES CONSERVATION AND DEVELOPMENT COMMISSION
OF THE STATE OF CALIFORNIA**

IN THE MATTER OF:

**APPLICATION FOR CERTIFICATION FOR THE
*CHULA VISTA ENERGY UPGRADE PROJECT***

DOCKET No. 07-AFC-4

DOCKET	
07-AFC-4	
DATE	DEC 07 2007
RECD.	DEC 07 2007

COMMITTEE SCHEDULING ORDER

On September 26, 2007, the Application for Certification (AFC) was deemed data adequate for the twelve-month review process consistent with Public Resources Code section 25540.6. The Committee conducted a public informational hearing on November 29, 2007, to discuss the schedule and other issues of concern. The attached Committee Schedule is based on Staff's proposed schedule and related discussion at the informational hearing.

The Committee Schedule contains a list of events that must occur to complete the certification process in twelve months. The schedule covers the period leading up to the Prehearing Conference. The balance of the schedule will be determined at the Prehearing Conference.

Several deadlines are contingent upon reviews to be conducted by federal, state, and local agencies. Applicant shall provide sufficient review time for the responsible agencies to meet the deadlines specified in the schedule.

Staff has identified air quality, land use, soil and water resources and transmission system engineering as potential major issues. Additional issues of significance may arise as the case progresses. Given the potential for additional issues to arise, and the complexities involved in resolving issues, the parties are on notice that the schedule is an optimistic estimate of case development.

We may modify the schedule at any time upon either our own motion or that of a party. [Cal. Code of Regs., tit. 20, § 1709.7(c)]. The schedule requires periodic status reports to determine whether case development is progressing satisfactorily, and to bring potential schedule delays or other relevant matters to our attention. If Applicant does not provide necessary information by the dates set forth in the schedule, we shall adopt a performance approach that will result in a commensurate slip in the balance of the schedule.

Dated: December 7, 2007, at Sacramento, California.
