BEFORE THE ENERGY RESOURCES CONSERVATION AND DEVELOPMENT COMMISSION
OF THE STATE OF CALIFORNIA

IN THE MATTER OF:

APPLICATION FOR CERTIFICATION FOR THE
CARLSBAD ENERGY CENTER PROJECT

DOCKET No. 07-AFC-6

COMMITTEE SCHEDULING ORDER

On October 31, 2007, the Application for Certification (AFC) was deemed data adequate for the twelve-month review process prescribed in Public Resources Code section 25540.6. The Committee conducted a public informational hearing on December 17, 2007, to discuss the schedule and other issues of concern. The attached Committee Schedule is based upon Staff's proposed schedule and related discussion at the informational hearing.

The Committee Schedule contains a list of events that must occur to complete the certification process in twelve months. Dates are provided for the period leading up to the Prehearing Conference, during which the balance of the schedule will be set.

Several milestones are dependent upon reviews to be conducted by federal, state, and local agencies, as well as the timely provision of additional information by the Applicant. A key agency review is the San Diego Air Pollution Control District's Determination of Compliance.

We may modify the schedule at any time upon either our own motion or that of a party. [Cal. Code of Regs., tit. 20, § 1709.7(c)]. The schedule includes conditional status reports to determine whether case development is progressing satisfactorily, and to bring potential schedule delays or other relevant matters to our attention.

Dated January 2, 2008, at Sacramento, California.
