**Subjed:** Docket No. 07-BTSD-1

As a California resident, I write to you to oppose Docket No. 07-BTSD-1. This idea of being able to remotely control energy-consuming appliances on my property is \*worse\* than communism. Do not do this. I will oppose it as a voter, and, if need be, I will oppose it with my money by moving to a more liberty-friendly state.

Chris Caughey
