All Right Guys. #1 you are a service company not a dictatorship. I do not like your ideal at all. I have already let you guys put a unit on my ac unit so I give when needed. Now you want to be able to take from me with out my control. Nice guys. I am 50 years old and some 100 year old man wants Thank you to use me like this. YOU ARE NOT MY BIG BROTHER. SO back off, let go, find something else to do . like ~~retire~~.you old man. Thank you L.S.G. in Santa Clarita
