**Date:** 11/21/2008 9:59 PM  
**Subject:** Opposed to Docket No. 07-BTSD-1

The proposed Programmable Communication Thermostat, which will allow for government regulation of the energy use, including internal climate control, is an outrage and a beyond-the-pale incursion into even more "big brother" micro-management of CA citizens' lives. We are strongly opposed to this measure.

Mr. & Mrs. Rudy F. Cancino
