Subject: Docket No. 07-BTSD-1

You cannot force conservation on people. You cannot decide how hot or how cold they are. You need to be reminded that this is America. You are obviously trying to take it into a direction previously unintended by our forefathers. Government has proven that it cannot moderate itself, and a little turns into a lot. Please do not contribute to Big Government's desire for a surveillance society.

\*\*\*\*\*Start the year off right. Easy ways to stay in shape.
