Subject: Fwd: Government control of thermostat

>>> Celeste Roper <celeste40roper@yahoo.com> 1/13/2008 10:28 AM >>>

I for one object to the state having anything to say about my use of electricity or natural gas. I will limit my use because of cost and would refuse any change to my current thermostat. I'm not sure why the government thinks they need to invade the privacy of the home in such a manner. Voluntary compliance is fine but I have lost enough freedoms I don't need to lose one more!
