Hello:

Whether we are talking about energy or any other aspect of personal lives I do not and will not ever agree to government control. George Orwell was correct. This type of thinking leads down the road to total control.

Yes, it is easier than thinking for yourself! Jail is a lot easier than freedom. Communism is the first image that comes to mind when we begin discussing government control and look where that led. We have examples and not just theoretical examples. We have real life experiences of what government control leads to and it is always the same. Always. It is how the human being works. So let's just not go there!

Thanks but no thanks!

Life is love, pass it on!
