who_will_control_your_thermost.html](http://www.americanthinker.com/2008/01/who_will_control_your_thermost.html)

Is the above article for real? Will the government start controlling electrical items in our homes?
Sounds like "Big Brother Stuff". If this article is true...is it being buried, in a proposed law, that
most American's won't even know it is there when voting?
