I want to protest the inclusion of "Programable Communicating Thermostats" in the proposed "2008 Energy Efficiency Standards Docket #07-BSTD". I understand that the hearing on this will be January 20, 2008. I am also contacting the senator and assemblyman for my area regarding this subject. I do everything I can to save energy but I don't want the state to control my thermostat. Thank you. Patricia Snow, Fremont, CA.
