Jackalyne Pfannenstiel

Dear Jackalyne Pfannenstiel:

Please stop the government intrusion into our own homes by requiring homeowners to install a thermostat that can be adjusted by government bureaucrats.

Californians already rank dead last among the 50 states in our per capita consumption of electricity. The average Californian uses about half the electricity as the average American, and less than consumers in Luxembourg, Guam, the Cayman Islands and Aruba.

Stop the expansion of the government nanny state. Oppose the government controlled thermostats in our own homes.

How dare you to think we will stand still for this kind of Govt control.

Sincerely,

Yvonne Olszewski
