Jackalyne Pfannenstiel

Dear Jackalyne Pfannenstiel:

Please stop the government intrusion into our own homes by requiring homeowners to install a thermostat that can be adjusted by government bureaucrats.

Californians already rank dead last among the 50 states in our per capita consumption of electricity. The average Californian uses about half the electricity as the average American, and less than consumers in Luxembourg, Guam, the Cayman Islands and Aruba.

Stop the expansion of the government nanny state. Oppose the government controlled thermostats in our own homes.

I already have cut down on consumption. I don't need or want the government DICTATING how I should live. I thought I lived in a free country not a "big brother" country who thinks that I don't know how to "think" and therefore must dictate my thought and actions. I'm getting VERY TIRED of hearing, on a daily basis, about programs that are going into effect and the money involved to fund those programs knowing that there isn't enough money to go around.

Let's get real and concentrate on reducing GOVERNMENT INTRUSION INTO ALL PROGRAMS AFFECTING CALIFORNIANS LIVES. We do not live in a socialistic state, YET.

Sincerely,

Fernanda Rhead
