Jackalyne Pfannenstiel

Dear Jackalyne Pfannenstiel:

Stop the government intrusion into my home by requiring me to install a thermostat that can be adjusted by government bureaucrats. I am already conserving as much electricity as I possible can.

In addition, Californians already rank dead last among the 50 states in our per capita consumption of electricity. The average Californian uses about half the electricity as the average American, and less than consumers in Luxembourg, Guam, the Cayman Islands and Aruba.

Stop the expansion of the government nanny state. Oppose the government controlled thermostats in our own homes.

Sincerely,

Richard Bernard
