Jackalyne Pfannenstiel

Dear Jackalyne Pfannenstiel:

Providing energy is a free market **activity** and not something the government should be involved in. As a lifelong Californian I have watched as our liberal policies continue to fail us. Stop the cycle of feel good pandering and stop **govt monitoring** and control of energy.

Please stop the government intrusion into our own homes by requiring homeowners to install a thermostat that can be adjusted by government bureaucrats.

Californians already rank dead last among the 50 states in our per capita consumption of electricity. The average Californian uses about half the electricity as the average American, and less than consumers in Luxembourg, Guam, the Cayman Islands and Aruba.

Stop the expansion of the government nanny state. Oppose the government controlled thermostats in our own homes.

Sincerely,

Mark Faley
