Jackalyne Pfannenstiel

Dear Jackalyne Pfannenstiel:

Is this for real? I can't believe that anyone, especially a politician would think the people of California would by into having government operated thermostats. I cannot believe what I am reading. I voted vor you Arnold but I'm beginning to wonder about the validity of that decision. I work for a school district and we are starving.

Please stop the government intrusion into our own homes by requiring homeowners to install a thermostat that can be adjusted by government bureaucrats.

Californians already rank dead last among the 50 states in our per capita consumption of electricity. The average Californian uses about half the electricity as the average American, and less than consumers in Luxembourg, Guam, the Cayman Islands and Aruba.

Stop the expansion of the government nanny state. Oppose the government controlled thermostats in our own homes.

Sincerely,

Michael Susan Batuyong
