Jackalyne Pfannenstiel

Dear Jackalyne Pfannenstiel:

Please stop the government intrusion into our own homes by requiring homeowners to install a thermostat that can be adjusted by government bureaucrats.

Californians already rank dead last among the 50 states in our per capita consumption of electricity. The average Californian uses about half the electricity as the average American, and less than consumers in Luxembourg, Guam, the Cayman Islands and Aruba.

Stop the expansion of the government nanny state. Oppose the government controlled thermostats in our own homes.

Governor Schwarzenegger your true political agenda is not unnoticed by the electorate. We will hold you personally accountable for this intrusion into our homes if it should come to pass. I have voted for you twice. If this intrusion happens I will not vote for you ever again.

You, Governor and appointees must, know that your desire to intrude upon our personal freedom will set a precedent for other intrusions. That will not bode well for you in the next election.

Sincerely,

Deborah A. Jennings
