Jackalyne Pfannenstiel

Dear Jackalyne Pfannenstiel:

Please don't even consider the government intrusion into our own homes by requiring homeowners to install a thermostat that can be adjusted by government bureaucrats. How could you possibly be so stupid and arrogant that you would think you could control the temperature in our private homes. This is not Nazi Germany and you are definitely not the Gestapo.

I would welcome a debate with you idiots but I know you do not have the balls to even respond to this email.

Sincerely,

Ray Gagne, Jr.'
