Jackalyne Pfannerstiel

Dear Jackalyne Pfannerstiel:

Please stop the government intrusion into our own homes by requiring homeowners to install a thermostat that can be adjusted by government bureaucrats.

Californians already rank dead last among the 50 states in our per capita consumption of electricity. The average Californian uses about half the electricity as the average American, and less than consumers in Luxembourg, Guam, the Cayman Islands and Aruba.

Stop the expansion of the government nanny state. Oppose the government controlled thermostats in our own homes.

\*\*\*\*\*  
 \*\*\*\*\* Yes this a form letter, but I wanted to add my  
 own thoughts. First I believe in every thing this letter says. You must be  
 crazy if you think this is a good thing for Calif.

Do you want to run all the sound thinking people out of Calif ?  
 And take that much control of our lives ?

We need less Government in our lives, We are not little children that you  
 need to tell us how to live our lives.

You people can't even run the Government, how can you tell us to live our  
 lives. Is this still America ?

Sincerely,

Horace Richard Yount
