Jackalyne Pfannenstiel

Dear Jackalyne Pfannenstiel:

Reference the proposed government intrusion into our homes by requiring homeowners to install a thermostat that can be adjusted by government bureaucrats. This is a joke, right?

Californians already rank dead last among the 50 states in our per capita consumption of electricity. The average Californian uses about half the electricity as the average American, and less than consumers in Luxembourg, Guam, the Cayman Islands and Aruba.

Stop the expansion of the government nanny state. Oppose the government controlled thermostats in our own homes.

Sincerely,

Ralph
