Dear Jackalyne Pfannenstiel:

You are placed on notice that this is one vote that you can't cast in obscurity. And for the governor, know that voters will hold you accountable for the decisions made by your own appointees.

Please stop the government intrusion into our own homes by requiring homeowners to install a thermostat that can be adjusted by government bureaucrats.

Stop the expansion of the government nanny state. Oppose the government ontrolled thermostats in our own homes.

Sincerely,

Richard E Carroll
