Subject: Grant of Motion by Redding Electric Utility in R.06-04-009

Mr. DeWalt,

By this email, I grant the February 28, 2008 motion of the Redding Electric Utility to become a party in R.06-04-009 on the condition that the Redding Electric Utility accepts the record to date and does not seek to broaden the issues (scope). I am also authorizing our Docket office to accept for filing Redding's comments that were submitted February 28, 2008. A subsequent ruling will confirm this email.

In addition to confirming that all parties in the proceeding, including those not receiving email service, were served with Redding's comments, you should provide parties to R.06-04-009 with a copy of this email to inform them of the Redding Electric Utility status as a party.

Sincerely,

Jonathan Lakritz
