RE: Victorville 2 Hybrid Power Project Biological Assessment Second Addendum and Victorville 2 Hybrid Power Project Application for Incidental Take of Endangered Species Per the California Endangered Species Act

Dear Mr. Kessler, Ms. Ward, Mr. Taucher, Ms. Moore, Mr. Bransfield, Mr. Rios and Ms. Lee:

Attached please find the (1) Victorville 2 Hybrid Power Project Biological Assessment Second Addendum, with exhibits, and the (2) Victorville 2 Hybrid Power Project Application for Incidental Take of Endangered Species Per the California Endangered Species Act, with appendices.

These two documents are being provided to you for agency review and approval as part of the California Energy Commission (CEC) Licensing Process; the California Endangered Species Act Section 2081 incidental take permit process; the federal Application for Prevention of Significant Deterioration Permit for Victorville 2 Hybrid Power Project; and in support of the federal Endangered Species Act Section 7 Biological Opinion issued for the Project on January 23, 2008.

Please call me at (949) 856-2200 or Arrie Bachrach at (805) 388-3775 if you have any questions or need additional information. We very much appreciate your assistance with this matter.

Sincerely,

Thomas M. Barnett
