

California Energy Commission

# 2008 Residential Building Energy Efficiency Standards Oct 2005 First Public Workshop

# TIER II

DOCKET	
07-BSTD-1	
DATE	
RECD.	APR 29 2008

# TIER II

- **Benchmark** above base compliance
- **Voluntary** compliance
- Include **photovoltaics** along with **energy efficiency** measures

## TIER II - motivation

- California Solar Initiative (CSI), MSRI  
- incentives
- Build America, ZENH
- Higher utility rebates

# TIER II

- More stringent energy efficiency measures
  - Third party verification and diagnostic testing
- ACM tools to include TIER II budget
  - PV performance algorithm
  - Factors and variables affecting PV performance

More details in the future public workshops...
