SUBJECT: Inland Empire Energy Center Project (01-AFC-17C)
Approval to Leave Temporary Improvements of
Construction Lay Down Area in Place for Land Owner.

Dear Mr. Gates:

In accordance with the provisions of Title 20, California Code of Regulations, section 1769(a), California Energy Commission staff reviewed your petition dated May 7, 2008, requesting approval to leave in place the improvements that were made to the leased west parking lot at the written request of the landowner. Staff determined that the petition meets the criteria of section 1769(a) (2), and mailed the enclosed "Notice of Insignificant Project Change" to the Energy Commission's post-certification project mailing list on July 21, 2008.

The Energy Commission did not receive any public comments regarding this requested project change within the 14-day public review period as specified in section 1769(a) (2). Therefore, your request to leave in place the improvements is approved.

If you have any questions, please call me at (916)651-2072, or e-mail me at drundqui@energy.state.ca.us.

Sincerely,
