Attorney for Intervenor
Center for Biological Diversity

STATE OF CALIFORNIA
State Energy Resources
Conservation and Development Commission

In the Matter of:)	DOCKET NO: 07-AFC-6
)	
)	
CARLSBAD ENERGY CENTER PROJECT)	CENTER FOR BIOLOGICAL
)	DIVERSITY'S PETITION FOR
)	INTERVENTION
_____)	

Petitioner, Center for Biological Diversity ("Center"), states:

1. The Center petitions to intervene in the above-entitled proceeding.
2. Petitioner has an interest in the proceeding in that the Center is a national membership organization with over 40,000 members in the United States, including 825 members in San Diego County. The Center is a non-profit organization with offices in San Francisco, Los Angeles, and Joshua Tree, California, Phoenix and Tucson, Arizona, Silver City, New Mexico, Portland, Oregon, and Washington, D.C.
3. The Center's mission is to ensure the preservation, protection, and restoration of biodiversity, native species, ecosystems, public lands and waters, and public health. Because climate change from society's production of greenhouse gases is one of the foremost threats to

the earth's biodiversity, the environment, and public health, the Center's Climate, Air, and Energy Program works to reduce greenhouse gas emissions in order to protect these resources. The Center has filed a series of court challenges and comments throughout the State seeking to ensure that the California Environmental Quality Act is applied to greenhouse gas emissions.

4. The Carlsbad Energy Center Project will emit greenhouse gases that will contribute to global warming. The Center's members in and outside of San Diego County will be directly, indirectly, and cumulatively affected by the impacts of global warming caused by pollution sources inside and outside of the County, including the Project.

5. The Center intervenes to ensure the California Energy Commission complies with California Environmental Quality Act with respect to analysis, mitigation, and consideration of alternatives for the project's contribution to global warming. In addition, the Center seeks analysis and mitigation of the environmental effects stemming from the use of Liquefied Natural Gas ("LNG") at the facility.

6. The interests that the Center seeks to further in this action, namely, environmental protection and the reduction of the project's contribution to global warming are within the purposes and goals of the organization. The Center intervenes on behalf of itself and its members.

7. The Center reserves the right to present evidence and to cross-examine witnesses.

8. The Center will be represented by counsel.

DATED: August 28, 2008

William B. Rostov
Earthjustice
Attorney for Center for Biological Diversity
