The industry standard by every measure

We call it WhisperFlo® High Performance Pump for good reason. This innovative hydraulic design moves water more efficiently and more quietly than competitive pumps. Under typical operating conditions, WhisperFlo® High Performance Pump offers the highest water flow of any high performance single- or two-speed pump—yet with the lowest electrical consumption. Built to last a lifetime, and as a result, the industry's top seller for years.

Features

- * Oversized strainer basket and volute - industry standard in pool pumps
- * Standard and Energy-efficient Square Flange Motors available
- * Lower hp's deliver higher performance than industry standard
- * Compatible with all cleaning systems, various filters and jet action spas
- * Heavy-duty/durable construction is designed for long life
- * Designed for residential and commercial applications
- * New motor increases life, energy, efficiency, ease of installation and better cooling for long service life
