WITH:	Dan Kopulsky, IGR & Community Planning Chief, Caltrans District 8		
SUBJECT:	Mitigation for Friday Traffic		

Staff spoke with Dan Kopulsky, IGR(Intergovernmental Review) and Community Planning Chief at Caltrans District 8. Staff informed Mr. Kopulsky of CEC's intent to restrict working hours on Fridays during ISEGS construction such that construction would conclude by 1:30 PM. Mr. Kopulsky agreed that this would reduce the effect of construction traffic on northbound I-15 to adverse but less than significant.

With regard to the 30 employees expected to travel from the ISEGS site during operation, Mr. Kopulsky indicated that staggering working shifts or otherwise interspersing the flow would reduce the effect of operational traffic on northbound I-15 to adverse but less than significant.
