Purpose of Prehearing Conference

The Prehearing Conference is a public forum where the Committee will assess the parties' readiness for an evidentiary hearing, identify areas of agreement or dispute, and discuss the remaining schedule and procedures necessary to conclude the review of the application for certification. (Cal. Code Regs., tit. 20 §1718.5).

At the Prehearing Conference, all parties (Staff, Applicant, and Intervenor) shall be prepared to present their respective positions regarding the substantive topic areas that are ready for evidentiary hearing; those that require further analysis, including the nature of, and timeframe for, any such analysis; those that have been resolved; and those that are disputed and require adjudication. The parties shall also be prepared to identify proposed witnesses, as well as the time required for direct testimony and/or cross-examination.

Local, state, and federal governmental agencies may participate at the Prehearing Conference and Evidentiary Hearing, as necessary. (Cal. Code Regs., tit. 20 § 1714.5). Elected officials and members of the public may present public comments at these events and/or submit written comments to the Energy Commission's Docket Unit. Please include "Docket No. 07-AFC-3" on any written comments.

Prehearing Conference Statements

To facilitate the process, each party shall serve and file a **Prehearing Conference Statement**. The statements shall be received by the other parties and the Commission's Docket Unit, 1516 9th Street, MS 4, Sacramento, California 95814-5512, by no later than 3:00 p.m. on Thursday, October 9, 2008. The parties shall e-mail their statements to the Hearing Officer as well as to the Docket Unit and the parties as indicated on the Proof-of-Service list.

FAILURE TO FILE A TIMELY PREHEARING CONFERENCE STATEMENT MAY PRECLUDE A PARTY FROM PARTICIPATING AT THIS HEARING.

Each statement shall set forth:

1. The topic areas that are complete and ready to proceed to evidentiary hearing;

2. The topic areas that are not complete and not yet ready to proceed to evidentiary hearing, and the reasons therefor;
3. The topic areas that remain disputed and require adjudication, and the precise nature of the dispute for each topic;
4. The identity of each witness sponsored by each party (**note**: witnesses must have professional expertise in the discipline of their testimony); the topic area(s) which each witness will present; a brief summary of the testimony to be offered by each witness; qualifications of each witness; and the time required to present direct testimony by each witness;
5. Topic areas upon which a party desires to cross-examine witnesses, a summary of the scope of each such cross-examination, and the time desired for each such cross-examination;
6. A list identifying exhibits and declarations that each party intends to offer into evidence and the technical topics to which they apply (**see** following section on formats);
7. Proposals for briefing deadlines, impact of vacation schedules, and other scheduling matters; and
8. For all topics, any proposed modifications to the proposed Conditions of Certification listed in the Final Staff Analysis (FSA) based upon enforceability, ease of comprehension, and consistency with the evidence.

Formats for Presenting Evidence

At the Evidentiary Hearing each party shall be prepared to present evidence on each of the topic areas addressed in the FSA, in the sequence established in the FSA. At the Prehearing Conference, the parties **shall provide copies** of all documentary and written testimonial evidence **in the following two formats to all parties, the Committee and the Hearing Adviser.**

1. Each document shall be numbered and identified on an **Exhibit List**:
 - Applicant's documents shall be numbered consecutively as Exhibits 1 -199.
 - Staff's documents shall be numbered consecutively as Exhibits 200 - 299.
 - Intervenors' documents shall be numbered consecutively as 300 - 399.
2. Copies of the exhibits for each topic area shall **also** be compiled in separate file folders identified by topic area with the appropriate Exhibit Number marked on each document, and the file folders placed in sequence corresponding to the sequence of topics in the FSA.

Petitions to Intervene to Become a Formal Party

The Energy Commission's Decision on the **CPV SENTINEL ENERGY PROJECT** will be based on the official evidentiary record developed at the Evidentiary Hearing. Only formal parties (Applicant, Staff, or Intervenors) may present evidence and cross-examine witnesses at the Evidentiary Hearing.

Anyone with an appropriate interest in the **CPV SENTINEL ENERGY PROJECT** may file a Petition to Intervene and become a formal party. At the Evidentiary Hearing, the formal parties may offer testimony and documentary evidence, receive documents filed by other parties, and cross-examine witnesses. However, a formal party must also comply with all Committee orders, procedures, and filing requirements, and is subject to discovery and having its own witnesses cross-examined by other parties.

The deadline to file a Petition to Intervene in this case is **9:00 a.m., Thursday, October 16, 2008**. (Cal. Code Regs., tit. 20 § 1207.) Time extensions will not be granted for new Intervenors to review case materials since this proceeding has been ongoing for fifteen months.
