Dear Staff of the Energy Commission:

P L E A S E do not approve a public-health-ruinous peaker power plant (MMC) so close to residences of families, children, schools, parks, etc. in south Chula Vista near Main Street, let alone when such is against the law -- present zoning ordinances, and in violation of the Chula Vista "General Plan" that was worked on so long and hard by so many.

Chula Vista resident, David E. Davis.

Humanity could be doing
immensely better by now
