Dear Sirs,

I am writing to voice my STRONG opposition to MMC's Peaker Plant in the proposed location on Main Street in Chula Vista. This is an area that is smack up against businesses (both new and old) as well as residential neighborhoods. It is unfathomable that a power plant was ever allowed to be built there in the first place, let alone tear it down to rebuild another. It seems almost criminal!

Please pass my opposition comments along to the energy commissioners who are reviewing this decision: Jackalyne Pfannenstiel, James Boyd Docket No. 07-AFC-4

Thank you for your consideration,
