

CALIFORNIA ENERGY
COMMISSION

**PROPOSED
LOAD MANAGEMENT STANDARDS**

DOCKET 08-DR-1
DATE _____
RECD. NOV 25 2008

DRAFT COMMITTEE REPORT

November 2008
CEC-400-2008-027-CTD

Arnold Schwarzenegger, *Governor*

CALIFORNIA ENERGY COMMISSION

EFFICIENCY COMMITTEE

Arthur Rosenfeld
Presiding Member

Jackalyne Pfannenstiel
Associate Member

Gabriel D. Taylor
David Hungerford
Ivin Rhyne
Tim Tutt
Primary Authors

Valerie Hall
Deputy Director
**Efficiency and Renewable
Energy Division**

Melissa Jones
Executive Director

DISCLAIMER

This report was prepared by the California Energy Commission's Efficiency Committee as part of the Load Management Standards proceeding - docket # 08-DR-01. The views and recommendations contained in this document are not official policy of the Energy Commission until the report is adopted.

TABLE OF CONTENTS

Table of Contents.....	i
List of Figures & Tables.....	iii
Executive Summary	1
The Purpose of Load Management.....	1
Electric System Characteristics.....	2
California Load Characteristics.....	3
Demand Response, Energy Efficiency, & Load Management.....	4
Voluntary Demand Response	6
Cost Effectiveness.....	7
Chapter 1: History of Load Management in California.....	8
<i>Legal Authority to Adopt Load Management Standards</i>	<i>8</i>
Past Proceedings on Demand Response and Load Management.....	9
<i>The Integrated Energy Policy Report</i>	<i>11</i>
Current Proceeding.....	11
Chapter 2: Components of Load Management.....	14
Advanced Metering Infrastructure.....	14
Rate Design & Dynamic Electricity Pricing.....	15
<i>Time-of-Use Pricing</i>	<i>17</i>
<i>Critical Peak Pricing.....</i>	<i>17</i>
Enabling Technologies	17
Customer Electricity Consumption Information.....	18
Smart Grids	18
Chapter 3: Advanced Meters.....	20
Workshop.....	20
<i>Investor-Owned Utility Advanced Metering.....</i>	<i>20</i>
<i>IOU System Overview</i>	<i>24</i>
Advanced Metering for Publicly Owned Utilities.....	26
<i>Southern California Public Power Association (SCPPA).....</i>	<i>29</i>
Conclusions: Advanced Meters	30
Chapter 4: Rate Design	32
Rates, Incentives and Market Integration.....	32
