APPLICATION FOR CONFIDENTIAL DESIGNATION
(20 CCR 2505)

SES SOLAR ONE, LLC
APPLICATION FOR CERTIFICATION
SOLAR ONE PROJECT

COMPLETED

CULTURAL RESOURCES TECHNICAL REPORT, DECEMBER 2008

APPLICANT: SES Solar One, LLC

ADDRESS: 2920 E. Camelback Rd., Suite 150, Phoenix, AZ 85016

1(a) Title, date, and description of the record for which you request confidential designation.

Cultural Resources Technical Report, (Appendix Z of The Application of Certification [Docket Number to be Provided]) including Scientific Literature Review and Site Records/Specimen Survey, SES Solar One, LLC, 2920 E. Camelback Rd., Suite 150, Phoenix, AZ, 85016, December, 2008.

1(b) Specify the part(s) of the record for which you request confidential designation.

Applicant requests that the Cultural Resources Technical Report (Appendix Z of The Application of Certification [Docket Number to be Provided]) including maps, site records, and correspondence included with these documents be designated as confidential.

2 State and justify the length of time the Commission should keep the record confidential.

The information should be kept confidential indefinitely to protect cultural site locations identified in the report. If the descriptions of the location of the sites are released to the public domain, there is an unacceptable risk of looting.

3(a) State the provision(s) of the Public Records Act or other law that allows the Commission to keep the record confidential, and explain why the provision(s) apply to the record.

The site descriptions are essentially equivalent to the information maintained by the State Historical Resources Commission, which are exempted from disclosure by sections 6254.10 and 6254(r) of the Public Records Act, respectively [Cal. Govt. Code Sections 6254.10, 6254(r)].

- 3(b) Discuss the public interest in nondisclosure of the record. If the record contains trade secrets or its disclosure would otherwise cause loss of a competitive advantage, please also state how it would be lost, the value of the information to the applicant and the ease of difficulty with which the information could be legitimately acquired or duplicated by others.

The public interest would be served by nondisclosure by preventing the unauthorized looting of the cultural resources sites described in the report specified in Response 1, above. Such looting would preclude scientific study of the worthy site to gain historical data about human use of the area.

- 4 State whether the record may be disclosed if it is aggregated with other information or masked to conceal certain portions (including but not limited to the identity of the applicant). State the degree of aggregation or masking required. If the data cannot be disclosed even if aggregated or masked, explain why.

The site location descriptions cannot be masked because masking will still reveal the location of the site that is the essence of the record that requires confidential treatment.

- 5 State how the record is kept confidential by the applicant and whether it has even been disclosed to a person other than an employee of the applicant. If it has, explain the circumstances under which disclosure occurred.

The Cultural Resources Technical Report has not been disclosed by the applicant to anyone other than the applicant's employees or agents and the Commission Staff. Applicant cannot certify, however that report prepared under the direction of others, e.g. URS Corporation (Appendix Z of The Application of Certification [Docket Number to be Provided]) has not been revealed to others.

I certify under penalty of perjury that the information contained in this application for confidential designation is true, correct, and complete to the best of my knowledge and that I am authorized to make the application and certification on behalf of the applicant.
