Re: California Energy Commission (CEC) Docket No. 09-IEP-ID – Comments of Southern California Edison Company on 2009 IEPR-Transmission

TO WHOM IT MAY CONCERN:

Southern California Edison Company (SCE) respectfully submits comments on the draft “Forms and Instructions for submitting Electric Transmission-Related Data,” discussed during the December 4, 2008 workshop. As SCE discussed during the meeting, SCE is not a “transmission owner” of the TransWest Express Project or the Northern Lights Project. Though, SCE is not commercially involved, we will be part of the West Electricity Coordinating Council (WECC) rating process to ensure the project has no impact on SCE. That being said, SCE can provide information available to the general public on these projects, pursuant to the CEC’s request in its “Transmission-Related Data Response” for the 2009 IEPR.

If you have any questions or need additional information about this matter, please contact me at (916) 441-2369.

Very truly yours,

/s/ Manuel Alvarez
