APPLICATION FOR CERTIFICATION FOR THE
WILLOW PASS GENERATING STATION
PROJECT

DOCKET No. 08-AFC-

COMMITTEE SCHEDULING ORDER

On October 8, 2008, the Application for Certification (AFC) was deemed data adequate for the twelve-month review process prescribed in Public Resources Code, section 25540.6. The Committee conducted a public Informational Hearing on December 18, 2008, to discuss the schedule and other issues of concern. The attached Committee Schedule is based upon Staff's proposed schedule and the related discussion at the Informational Hearing.

The Committee Schedule contains a list of events that must occur to complete the certification process in twelve months. Dates are provided for the period leading up to the Prehearing Conference, during which the balance of the schedule will be set.

Several milestones are dependent upon reviews to be conducted by federal, state, and local agencies, as well as the timely provision of additional information by the Applicant. A key agency review is the Bay Area Air Quality Management District's Determination of Compliance.

We may modify the schedule at any time upon either our own motion or that of a party. [Cal. Code Regs., tit. 20, § 1709.7(c).] The schedule includes periodic status reports to determine whether case development is progressing satisfactorily, and to bring potential schedule delays or other relevant matters to our attention.

Pursuant to California Code of Regulations, title 20, sections 1209 and 1209.5, the parties are directed, when they choose to file and serve documents by email, to create the electronic copies in a format which allows electronic searching of the text, such as a commonly used word processing file format or a ".pdf" (Portable Document Format) file. If using the ".pdf" format, the document shall be printed or otherwise saved to a ".pdf" file from the program rather than created by optically scanning a printed copy. For Microsoft Word formatted word processing files, the older ".doc" file format is preferred over the newer ".docx" format because older programs cannot read ".docx" files.

This directive does not apply to documents or attachments that are not generated under the control of the party or its agents or where it is otherwise infeasible to comply.

Signatures may be indicated on the electronic copy by "**Original Signed By**" or similar words. The original signed copy shall be filed with the Energy Commission's Dockets

Providing documents in this form will also allow persons with visual disabilities to more easily read them and make them easier to read on portable devices such as smart phones.

Our regulations (Cal. Code Regs., tit. 20, § 1210) require, in addition to any electronic service, that a paper copy be served in person or by first class mail except where a party requests to receive an electronic copy when one is available. Individuals and groups on the Proof of Service list who prefer to receive filings by email and **do not** require a paper copy shall inform the Hearing Officer. The Proof of Service list for this matter will delineate those individuals and groups and it is sufficient to serve those individuals with an emailed copy only. Those not so delineated **must** be served with a paper copy **in addition to** any emailed copy that the filing party chooses to provide.

Questions about the above formatting and filing directives may be addressed to Paul Kramer, the Hearing Officer in this matter.

Dated December 31, 2008, at Sacramento, California.
