RE: **Existing Renewable Facilities Application**
Application for Confidentiality
Wadham Energy L.P.
Docket No. 02-REN-1038

Dear Mr. Sugaoka:

On December 15, 2008, Wadham Energy LP (Wadham) filed an Application for Confidentiality for information related to the Funding Eligibility Existing Renewable Facilities Program Application (Docket No.02-REN-1038). The Application seeks confidentiality for invoices and supporting material, for Form CEC 1250E-2 and all supporting material and supplemental information, and for all supplier information to be provided in January, 2009, on Form CEC 1250E-4.

A properly filed Application for Confidentiality shall be granted under the California Code of Regulations, title 20, section 2505(a)(3)(A), "If the applicant makes a reasonable claim that the Public Records Act or other provision of law authorizes the [Energy] Commission to keep the record confidential."

The regulations also require an application for confidential designation to "cite and discuss the provisions of the Public Records Act or other law that allow the Commission to keep the record confidential." California Code of Regulations, title 20, section 2505(a)(1)(D). However, your application does not reference the Public Records Act, or any other law, which would provide a basis upon which I could grant confidentiality for your documents. Since your application does not discuss the provisions of law which would allow the Commission to grant confidentiality for your documents, pursuant to California Code of Regulations, title 20, Section 2505(a)(3)(A), I am requesting that you resubmit your application to include a discussion of the law that would allow the Commission to keep the records confidential.

Additionally, I understand that you have spoken with Jason Orta, of the Commission's Energy Efficiency & Renewables Division, regarding the format of the information you submitted. The information you submitted was too detailed to be of use to the Commission. Please resubmit the information in the aggregated form as directed by Mr. Orta, who will be returning the originally submitted information to you.
