

TO: Docket Unit

DATE: January 9, 2009

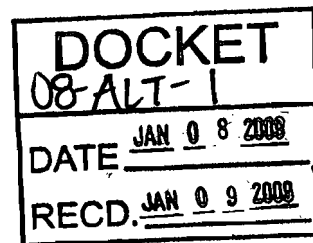

FROM: Patty Rinaldi, MS #27

The attached CD is a copy of the Energy Commission's WebEx Recording of the January 8, 2009, Advisory Committee Meeting – Docket # 08-ALT-1. Please add this to the docket for this proceeding.

If you have any questions, you may contact me at 4-4634.

Thanks

Patty Rinaldi

This CD contains one or more recordings (on-screen activity with the conference call) of the WebEx session(s).

To view the WebEx recordings:

- 1) Double-click on a recorded file.
- 2) If it does not start playing because you do not have the WebEx Player installed on your computer:
 - a) You can install the free Player by double-clicking on the "Downloads.html" file in the WebEx Player folder on this CD.
 - b) Scroll down to the bottom of the page to the "WebEx Player" section and click on the "Download" button for your type of computer (Windows or Mac).
 - c) In the dialogue box that appears, click on the appropriate button to have it install the WebEx player software (your computer might display "Open" or "Run" or "Install"). Respond to the prompts as needed. It will probably place an icon for the Player on your computer's desktop.
 - d) Open the WebEx Player software. Then select File...Open... and select the recorded meeting file.
- 3) Once the recording is playing, you can control playback with the floating panel. It lets you start, pause, stop, fast forward, as well as control the volume and move to different points in the recording.

For more information about the WebEx Player, you can contact WebEx technical support at 866-229-3239. To download the latest version in the future, go to <http://support.webex.com/support/downloads.html>
