Docket No. 09-IEP-1D

DOCKET**09-IEP-1D**

DATE _____

RECD. JAN 20 2009

The *Forms and Instructions for Submitting Electric Transmission-related Data*, prepared in support of the *2009 Integrated Energy Policy Report*, ask electric transmission system owners in California to submit information on their bulk transmission network and on specific projects identified in their expansion plans, as well as on anticipated transmission corridor needs.

The forms and instructions were presented by Energy Commission staff at a publicly noticed workshop on December 4, 2008. Public comments on these forms and instructions were solicited and received through December 18, 2008. The Energy Commission's Integrated Energy Policy Report Committee revised the draft staff report, incorporating public comments, and published the forms and instructions as a **Committee Final Report** on December 29, 2008. At the Energy Commission's business meeting held on January 14, 2009, the Commission adopted the *Forms and Instructions for Submitting Electric Transmission-related Data*. Electric transmission system owners in California have until March 16, 2009 to submit the completed forms.

The forms and instructions are available from the Energy Commission's website at [www.energy.ca.gov/2009_energypolicy/datacollection/]. A print copy is also available by sending a request to:
