ORDER

On December 18, 2008, the City of Riverside submitted a compliance filing in conformance with Title 20, California Code of Regulations, Section 2909. Pursuant to Title 20, California Code of Regulations, Section 2910, the Executive Director recommended that the Energy Commission find the procurement in compliance with the Commission's SB1368 regulations.

Based on the City of Riverside's compliance filing, the Executive Director's recommendation, and the absence of any opposition, at a regularly scheduled business meeting on January 14, 2009, the California Energy Commission found that the City of Riverside's thirty-year contract with Shoshone Renaissance, LLC. for the purchase of energy from the Renaissance Project, a geothermal facility, complies with Title 20, California Code of Regulations, Section 2900 et seq.
