RECD. FEB 23 2009

The plans for a **Silicon Valley based electric “Zero Emission” school bus Outreach Project** were presented at the recent public hearing in San Jose on Feb. 11, 2009. This memo is to provide a document for the public record of our intent to propose such demonstration project using AB118 funding.

**Mission:** The Mission is to Promote Battery “Zero Emission” School Buses throughout the Schools of Silicon Valley and Educate 3,000 Administrators, Fleet managers and Students as to the benefits of this healthy and less dependency on foreign oil technology solution.

**Team:** Silicon Valley Clean Cities Coalition, Breathe California, Proterra, Synergy and the *Transportation Center of Excellence* would work together to accomplish this outreach program. Expected Funding would be \$200,000 to \$275,000 and work would be accomplished in 12 months.

Zero Emission Battery Dominant School Bus Outreach, continued:

**Breathe California**, a 100 year old health organization would utilize their 200+ volunteers to work with Silicon Valley Schools to educate on the benefits of “Zero Emission” Battery Buses.

**BREATHE CALIFORNIA, SVCCC & SCHOOLS:**

- Promote Zero Emission School Buses in Silicon Valley
- Health Benefits will be the focus, but also affordability, ease of operation, early payback, and available funding.
- Expected to educate 500 School District Administrators, Board Members, Transportation Managers, and 2,500 Students.
- Breathe California Expertise: 60 years School Outreach, 30 years in Service Training, 10 years delivering Air Quality Programs

The Technical, educational, and demonstration team have joined together to teach decision-makers and students about Zero Emission School buses.
